

Polite dog, well-liked owner:  
harmony on our farm.

## DECALOGUE

- ⌘ The handler always collects your dog's droppings, both in the street and on the green areas. They are not manure and leaving them on the ground is uncivilised behaviour and harmful to public hygiene.
- ⌘ The well-behaved handler leaves the areas where he or she has been staying as clean as possible.
- ⌘ The polite dog handler knows that because of the rudeness of a single element, our entire group could be at risk.
- ⌘ In the common areas of the facility, the dog may only be let off the leash under your close supervision and responsibility. Please ensure that your dog is well socialised and obedient and does not disturb other guests.
- ⌘ In the event of the host's absence, the dog must be left inside the flat.
